Favorite Books: *The Great Gatsby* by F. Scott Fitzgerald and *Charlotte's Web* by E.B. White

Favorite Place on Campus: During the warmer weather I love sitting on the field with friends during a free. I also love the ceramics studio, because it's a quiet and calm location to relax and create something.

My Favorite Part of HM: I love the atmosphere. The community is simultaneously supportive, caring, and driven to be its best self. Everywhere you turn there is someone there ready to help and support you whether it be friends or faculty, but these same people also know when to either step back and let you thrive or push you to be better.

Favorite HM Core Value: A Balance Between Individual Achievement and a Caring Community
