## Class of 2022

**From:** Harlem, NY

**First year at HM:** Ninth grade

**Favorite Classes:** I'm a humanities student at heart! My favorite classes are English and History, specifically Contemporary U.S. History.

**Activities:** The Record, Horace Mann Theater Company (HMTTC), Horace Mann Orientation (HMO) Peer Leader Program, Student Ambassador, Community Council

**Favorite Junk Food:** If I could eat French fries everyday with no health repercussions, I'd do it in a heartbeat!

**Why HM?:** The Horace Mann community is truly unlike any other. At Horace Mann, I am able to follow my passions, challenge myself, and try new things, all with the never-ending support of the faculty and my peers. The students at Horace Mann have a thirst for knowledge that is so inspiring, and I am so grateful for the opportunity to learn amongst such an incredible group of great thinkers and caring individuals.

**Favorite Spot on Campus:** You can catch me on the field any time, rain or shine! (although if it's raining I'm probably running across the field to seek shelter in the library)

**Something I Learned During the Unique 2020-2021 School Year:** The Horace Mann community is extremely resilient! Oh, and be careful when napping in between online classes. emories.
